Welcome Back To School!

Welcome back to class! I hope you had a wonderful summer vacation. I am very excited to begin this educational adventure with each of you. As you return to school after a great summer and start our fall term, we will work together to establish a welcoming environment – you as the returning students and I as your new official classroom teacher (A1) – in which we will ensure that everyone's ideas are valued and celebrated. Prepare for an amazing academic year packed with excitement and discovery. We will immerse ourselves in a world of learning, letting our imaginations run wild, and let's make this a memorable year (fall term).

I look forward to getting to know every one of you, and always remember that you are not alone as we begin the fall term. I will be there for you every step of the way. Thank you for coming back!

As we work together throughout the year, I encourage parents to openly communicate their experiences regarding school with me and their child. Through open communication, teamwork, and a dedication to continuous improvement, we promise that this will be a rewarding and enjoyable school year for the children.

WHAT WE HAVE THIS MONTH

In our bucket

Theme: Environmental adaptation and things around me.

Literacy: Letter recognition, Phonological awareness, Auditory Perception and Discrimination (APD), Mindfulness Journal - to help children to build self awareness and express their feelings in a healthy way.

Numeracy: Attributes, Properties, Groupings, Bridges, Patterns, Attributes of Shapes, Figurative Counting, and Number Sequence. (Logic)

Social Studies: Appreciation of individual differences and similarities. Students will explore how they are similar and different to others. They will reflect on how their differences make them unique.

Physical Education: Care for one's own health and safety. We will learn fun ways to practice mindfulness and balance, how to eat well or keep clean and hygienic.

Science: Different types of weather and changes that occur in the environment. (Earth Science - Environment and the weather)

REMINDERS

Important Dates!

September 16th:
Respect for the Aged Day
