

A-4 CLASSROOM Newsletter

09.20.2024

Dear Parents,

I hope this finds you all well! Despite the hot weather, the students have been busy doing their best in learning and having fun!

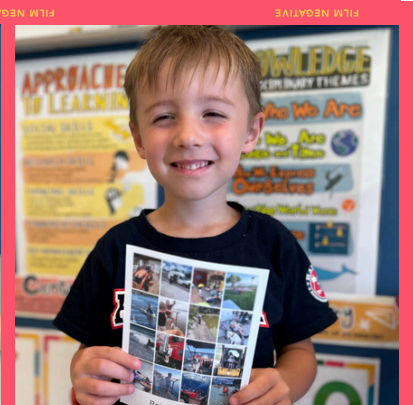

Math

Students have also been working diligently at learning, drawing, and recognizing our 2D shapes. We have also started working on 3D shapes this week.

UOI

As our UOI for this month is "How we express ourselves", we started the month off with a Show and Tell that the students did a wonderful job at. Thank you to all the parents for your support and help with all of this!

Language Arts

We worked on phonics and writing N, and O. The students have especially been working hard recognizing words with short and long O vowel sounds, such as Top and Socks, Globe and Rose.

Important Dates!

- September 22nd - Autumnal Equinox Substitute Holiday - No School!
- October 1st - Preparation Day - No School!
