About Our Class!

Explored the changing seasons and weather patterns. Delved into the fascinating stages of plant life cycle, and immersed in the aquatic world learning about the diverse habitats of sea creatures.

Our mathematicians delved into the fascinating world of geometry, mastering various shapes. They embarked on numerical adventure, learning the art of counting by 1s, 2s, and 3s and applying it to group objects. Their mathematical journey continued with addition and subtraction in 15s. They were introduced as well to the exciting realms of multiplication and division for future mathematical exploration.

They honed their writing skills and we delved into the realm of letter sounds and sound blending. They were able to read words that belongs to "AT" word family and for this month, they will explore the "ED", "EN", and "AG" word families to laid the groundwork for future reading success!
