## Environmental Changes!

Our young learners embarked on an educational journey about the fascinating world of seasons! Through engaging activities, they explored the unique changes that occur throughout the year. They discovered why seasons exist and how different seasons impact our clothing choices.

## Spelling Masters!

Our students learned and experienced how to spell out words. We explored the complexity of the English language, practicing the art of transforming sounds into written form. With each new word they spelled, our young learners demonstrated their growing proficiency and enthusiasm for this foundational skill.

## How the World Works!

They learned how the world works. They explored the secret behind machinery, energy, and transportation systems that shape our daily lives. They unravel the mysteries of how machines operate and studied the different forms of energy, understanding how they power our homes, vehicles and devices.

## Captivating Weekend Adventures!

Young minds embark on a captivating storytelling journey, sharing the extraordinary adventures they experienced over the weekend. These presentations will not only showcase their communication skills but also ignite their confidence as they take center stage to inspire their classmates.

## FIELD TRIP!

LITTLE EXPLORERS ENJOYED THE ADVENTURE OF ORANGE PICKING. EACH OF THEM CAREFULLY SELECTED THE RIPEST AND JUICIEST ORANGES. WITH EACH BITE, THEIR FACES LIT UP WITH DELIGHT AS THE SWEET AND TANGY JUICE BURST IN THEIR MOUTHS. THROUGH THIS JOYFUL EXPERIENCE, THEY NOT ONLY LEARNED ABOUT NATURE AND AGRICULTURE BUT ALSO CREATED LASTING MEMORIES FILLED WITH FRIENDSHIP AND THE SIMPLE PLEASURES OF CHILDHOOD.
