MONTH OF NOVEMBER & DECEMBER

A7 GRADE - 2

OUR FIELDTRIP

Our 2024 field trip was an unforgettable experience. The children were captivated as they witnessed firsthand the operational process of preparing airplanes for flight. They learned the fascinating mechanics of aviation and explored the rich history of ANA Airlines. The tour was not only enjoyable but also educational, leaving the kids with remarkable insights about the world of airplanes.

IMPORTANT DATES

January 6 - Teacher's Working Day
January 7- First Day of Winter Term

ACHIEVEMENT

We had a truly wonderful experience during the months of November and December, sharing memorable moments not just with the kids, but also with all the parents as well.

OUR FIRST DESIGN CAKE

The children truly loved the experience of decorating the cake, enjoying piping cream onto its surface. They embraced a hands-on tutorial with our patisserie expert, diving into the creative process with enthusiasm. Once we completed our beautifully designed cakes, a sense of accomplishment filled the room, marking the joy of our first shared culinary masterpiece.

OUR CLASS

MONTH OF NOVEMBER & DECEMBER

A7 GRADE - 2

OUR BOOKS

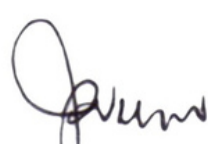

Our Reading Program has seen significant investment in both reading and writing. The progress our students have made in their reading skills is truly remarkable. They have found great enjoyment in our exercises and practices derived from the Wonders Literature and Anthology. Excitement is palpable among the children as they eagerly anticipate more thrilling and engaging books in the future.

OUR CHANTS

In terms of our Chants, we have been diligently practicing for our holiday presentation, themed "Winter Wonderland and Happy Christmas." The children thoroughly enjoyed these songs, and their joy shone through during their performance for parents and teachers.

OUR ACADEMICS

Academically, we made efforts yet memorable on the assessments this fall term. We are committed to enhancing our students' learning through additional practice, exercises, and discussions as we transition into the winter term. The children have also taken the initiative to organize their worksheet folders, bringing them home as a cherished memento of their learning journey at school.
