

HAPPY NEW YEAR!

Welcome back to school A2! I am excited to tackle the busiest term with everybody!

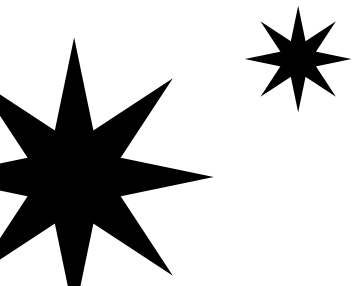

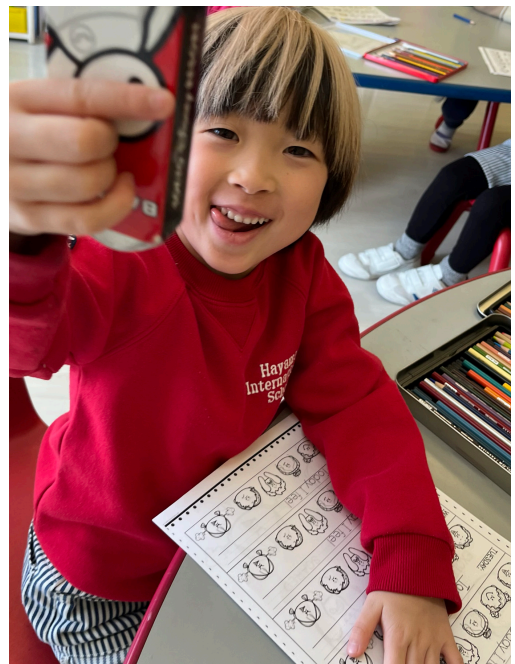

Whats new ?

Daily Check-ins ☀

How are we feeling every morning?

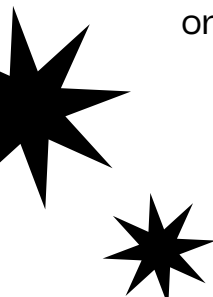

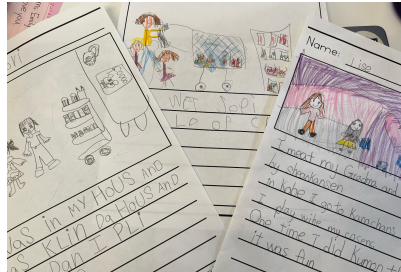

To support us during this busy term, we have introduced a daily check-in sheet. It helps us understand our emotions, how they change, and what influences them.

We share our emotions at the start of the day to improve communication and provide support to each other when it's needed the most.

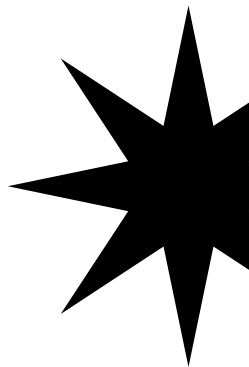

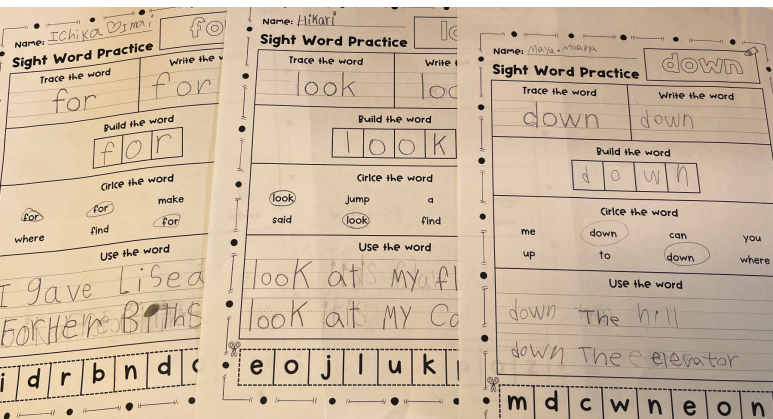

Language Arts

Tell Me About Your Holiday Without Telling Me: This fun game encourages the use of imagery and descriptive sentences. Describe one thing you did during the holidays without saying it directly. I'll try to guess what it was based on your description.

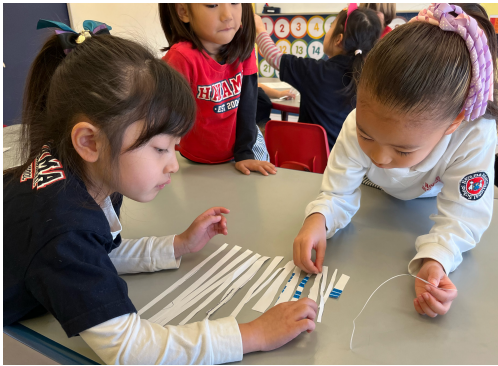

Sight Word of the Day: Each student is given a sight word to learn. They practice reading, writing, and using the word in a sentence. Their task is to then teach the class their word, helping everyone build their vocabulary together!

Math

Mastering methods of measurements, from length, mass, and volume and capacity.

Arts

Happy year of the snake!
Collaborative mixed media.
