MONTH OF JANUARY

A7 GRADE - 2

HAPPY NEW YEAR

Happy New Year to everyone! The winter term presents a wonderful opportunity for our students to engage in both academic pursuits and preparations for the year-end show. Our talented students are eager to perform, showcasing their remarkable progress and newfound skills. The school is delighted to create lasting memories for both parents and students during this final term of the academic year.

IMPORTANT DATES

- January 10 - Picture Day
- January 13 - Coming of Age day National Holiday
- January 17- Class Picture Day
- January 23 - Ukulele Maker Specialist Class

ACHIEVEMENT

We indeed had a wonderful 2024 school year and will definitely end with a full of happy memories this school year 2025. A7 can proceed and continue to their next journey with a full of smiles and learnings.

WELCOME BACK TO SCHOOL

This month promises to be full of fun with a lot of activities, as we balance our studies with rehearsals for the much-anticipated school event. Let's embrace this exciting time together! Our students will enjoy our Japanese Calligraphy and Physical Activities this month. We will also have an amazing school photoshoot for our yearbook for the 2024-2025 class.

OUR CLASS

MONTH OF JANUARY

A7 GRADE - 2

OUR BOOKS

Our books for both academics and exercises will be used during this winter term to engage in more practice. Our goal is for our students to gain more knowledge and be well-equipped before their assessments and level-up stages. We are making each class memorable and lively, ensuring engagement for the students to learn productively and have fun.

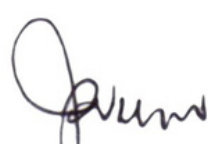

OUR CHANTS

Our chants this month will be from our end-of-the-year songs. They are English songs, and we love to hear our kids enjoying singing them and learning new vocabulary through music. They are all good singers, and we love to practice more and enjoy the music until the big day of their event.

OUR ACADEMICS

Our academics will always be our priority, ensuring that our students gain more learning in all academic subjects using our books, engagements, creative teaching, and daily exercises or practices. We ensure to deliver quality education and a fun learning experience at school.

Our goal is to help them achieve their dreams and provide assistance in improving their needs. We are here to help them boost their confidence to keep trying, learning, and making things possible.
