

# MARCH NEWS @ A9

For the year that was, for the better persons we have become...  
because of your support and care, ...

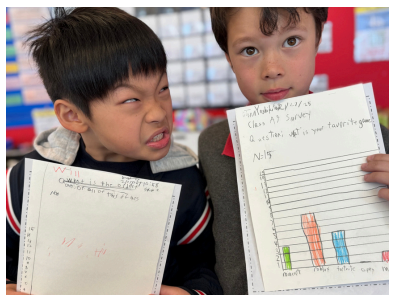

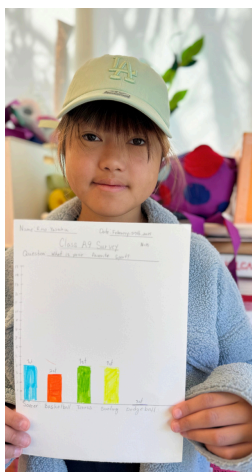

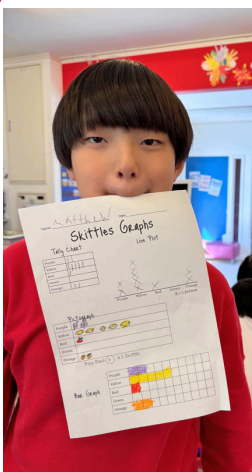

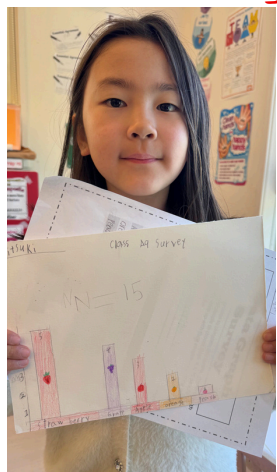

# PERFORMING ARTS

Every day of our rehearsals was a day full of enthusiasm, artistry, fun, and hard work, all leading up to the 2025 END OF THE YEAR SHOW!

# SCIENCE

It's a challenge. The goal: protect our dear friend, Egg, at all costs! So, we are designing a parachute for him. Watch out for the Egg-Dropping Challenge on 7 March 2025!

# MATHEMATICS

We are young statisticians and we love to conduct surveys, as well as gather, interpret, and present data into creative bar and pie graphs or line plots!
