Grade - 2

## WELCOME TO SECOND GRADE

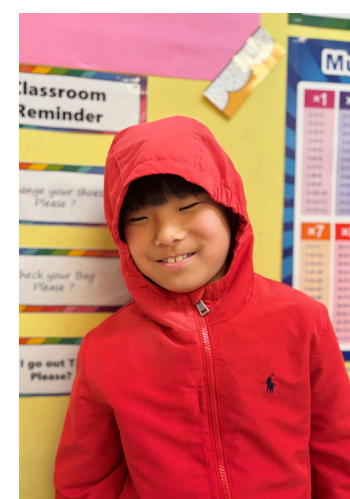

Welcome, second grade students of the class of 2025-2026. I am pleased to meet each of you as we begin our new school year. This year will be filled with learning across all subjects and special activities. We will place a greater emphasis on reading, speaking, and writing within Language Arts. We are eager to engage in enjoyable Math activities with you. Let us celebrate and enjoy our new school year as we play, think, and learn together.

## OUR NEW EXPERIENCE

Welcome to our exciting new experience in the first term of school. Our daily lessons will introduce you to captivating topics and activities from our books, as well as upcoming events. In addition to your academic studies, you will have the opportunity to dive into various lessons, including singing, STEM, visual arts, ukulele, and creative arts.

A7 GRADE - 2

## OUR BOOKS

We will explore all of the best English stories from the Wonders reading and writing series, Anthology, and Phonics and Spelling. Our learning experiences will be enjoyable as we engage in Math activities through Bridges. Both of these will greatly enrich our educational journey.

## OUR SPECIALS

This school year, our Specials will be even more exciting, featuring Ukulele, Visual Arts, STEAM, and Creative Arts subjects.

## OUR ACADEMICS

In Language Arts, we will concentrate on reading, writing, and speaking skills, while in Math, we will enhance your critical thinking through various entertaining learning games. For Social Studies this term, we will focus on families within a community and their roles. In Science, our attention will be on animals and their connections to humans. Together, we can learn while playing and discovering through the new Memories and Experiences. We will engage in an exciting and enjoyable learning journey by reading, speaking, and writing about new discoveries in both Math and language arts.
