CLASSROOM NEWSLETTER

DEAR
PARENTS

It has been three weeks since we began our preschool journey, and I'm happy to share that the children are truly enjoying their time in class. We've been working on recognizing the letters A to C, and everyone is doing a great job grasping them. The kids are also having a wonderful time exploring various crafts connected to our weekly themes.

I'm proud to say they are becoming more responsible with our daily routines. Their friendships are starting to blossom, and it's heartwarming to see them playing and cooperating with one another. Overall, everyone is settling in well, and it's exciting to watch them grow more comfortable with both the routines and their classmates!

Thank you,
Ms. Kristil
