Learning in Motion!

Focus: Language Arts, Math, Physical Activity!

Our students had a blast combining Language Arts, Math, and Physical Education in one exciting activity! They tackled obstacle courses while solving counting problems and finished strong by shouting out letter names and sounds. It was a fun and active way to reinforce learning through movement and play!

Sound Detectives at Work!

Focus: Phonemic Awareness

Our young learners showed impressive focus as they worked hard to identify the beginning, middle, and ending sounds in words. It was a great way to build phonemic awareness and strengthen their listening skills—all on their own!

Teamwork in Action!

Focus: Critical Thinking, Strategy, Collaboration

Students engaged in outdoor activities designed to build strategic thinking and teamwork. Through cooperative problem-solving, they discovered how powerful learning can be when we work together!

Building Vocabulary Through Discovery!

Focus: Language Development

Our students expanded their English vocabulary by exploring everyday objects around the school. They didn't just name what they saw—they also learned how to spell each word and understand its use, turning familiar sights into powerful learning moments!

Counting to New Heights!

Focus: Math – Number Sense

Our little mathematicians are now counting by 1s all the way to 100! They've come a long way from 1–30, showing steady improvement and confidence in their number skills.
