

A4 CLASSROOM Newsletter

05.09.2025

Dear Parents and Guardians,

I hope this Newsletter find you well!
The weather has finally started to consistently stay warm and we are all very excited to enjoy the nice days that spring has brought us. With this in mind, as the temperature is rising bit by bit, please ensure your child has an icepack in their lunches to keep food cool and brings their hat to school as we will often be playing outside or visiting the beach on sunny days.

Language Arts

These last two weeks, we have reviewed the letters M and A and have also started learning and working on the letter S. Students have also worked on their understanding of the sounds each letter makes individually and recognizing the letter when they are in the beginning of a word.

Unit of Work

Students learned more about spring and were able to recognize signs of spring all around us. We also learned more in detail about plants in order to take care of our tomatoes better. The students have been having a great time watching the tomatoes steadily grow.

Math

Students learned about ten frames and have started learning foundational addition.

Important Dates

- Sunday, May 19th - Spring Festa, Alohayama!
- Monday, May 19th - School Holiday, NO SCHOOL
