MONTH OF MAY 2025

A7 GRADE - 2

## EARTH DAY BEACH CLEANING

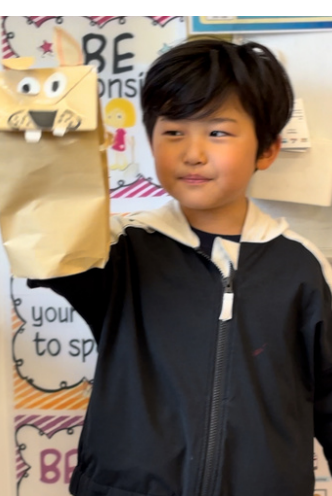

A7 students joined in a special Earth Day activity by helping to clean up the local beach. With gloves and big smiles, they worked together to pick up litter and learn about taking care of our planet. We are so proud of their efforts and teamwork! We're teaching our students the importance of caring for the Earth.

## IMPORTANT DATES

- May 3 - Constitution Memorial Day
- May 4 - Greenery Day
- May 5 - Children's Day
- May 6 - Substitute Holiday
- May 18- Spring Fiesta Alohayama
- May 19- School Holiday

## OUTDOOR SPRING ACTIVITY

A7 students had a blast playing a fun outdoor game using colorful cones and Rock, Paper, Scissors! Students were divided into two teams and took turns stepping from cone to cone. When two players met, they played Rock, Paper, Scissors to see who could move forward. It was a great way to practice teamwork, quick thinking, and enjoy the fresh spring air!

MONTH OF MAY 2025

A7 GRADE - 2

## OUR TEXTBOOKS

A7 students have been diving into Unit 1 of our Wonders reading program. From Week 1 to Week 4, they explored exciting stories, built new vocabulary, and practiced key reading skills like asking and answering questions, identifying the main idea, and making predictions. They also worked on grammar, spelling, and writing short paragraphs.

## OUR SPECIALS

Students enjoyed making a fun Back-to-School Bus craft, explored creativity through 3D shoe painting, and expressed themselves through music with basic ukulele lessons and singing.

**June Veloso**  
A7 Teacher

## OUR ACADEMICS

In math, A7 students have been working through Unit 1 of the Bridges program. They've been practicing number patterns, building fluency with addition and subtraction, and learning to explain their thinking using math models. Through centers, games and group activities, students are becoming more confident problem-solvers and thinkers!

A7 explored science and social studies topics like communities, family traditions, and the needs of living things. They learned how people live and work together and how animals adapt to their environments. These hands-on lessons helped students make real-world connections to the stories they read in class. A7 students created family drawings and made puppets to show different roles people play. These fun projects helped students connect personally to what they're learning about the world around them!
