Spring. Plants. Alohayama.

Happy Mothers Day!

Happy Mother's Day!

Dear Families, Thank you so much for your help in preparing for the Spring Festa!
We are sincerely grateful for your time, creativity, and the beautiful contributions you made.

Language Arts: We reviewed letters A–D and introduced the letter E. Our letter craft this week was “E is for Egg” and “E is for Eagle.”

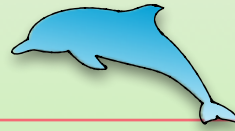

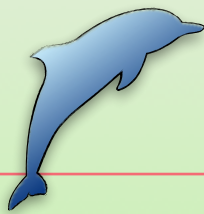

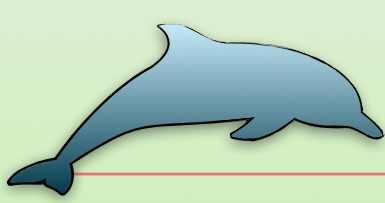

Mathematics: We reviewed numbers 1–4 and introduced number 5. The children practiced tracing numbers 1–5 and diagonal lines.

MAY 23 BODY
MEASUREMENT.

Science: We continued learning about flowers and plants, focusing on what plants need to grow. We also discussed Children's Day and its symbol—the flying carp. The children made beautiful Mother's Day cards with lots of love.

As part of our Spring Festa preparation, we contributed to a big group project depicting a large wave. Our class used crumpled tissue paper, and you will be able to see it displayed in the big room during the Alohayama event.

Social Development: This week, we focused on self-talk—an important tool children can use to help them listen, stay focused, and learn more effectively.
