A3 STARS ✨

Dear Parents and Guardians,

We are so delighted to share another wonderful experience from our A3 classroom! Since the beginning of this term, the students have been full of joy, curiosity, and energy as they learn, play, and grow together. Every day has been a special adventure filled with smiles, laughter, and new discoveries.

This month, our class had an exciting discussion about Community Helpers. The students enjoyed learning about different jobs such as doctors, teachers, firefighters, artists, and caregivers at home. They discovered how parents, guardians, and community helpers all work together to keep our community safe, happy, and strong. and it was heartwarming to see their excitement and appreciation.

We are proud of how the students are learning not only academic skills but also the importance of kindness, teamwork, and gratitude for those who help us every day.

IN THIS ISSUE

- COMMUNITY HELPERS
- MY COMMUNITY HELPER CHOICE.
- CLASSROOM ACTIVITIES.
- THANK YOU!

CASSROOM ACTIVITIES

“The students looked forward to coming to school each day and happily reciting A–Z and 1–20 every morning.”

Phonics Activities

This term, our A3 students also strengthened their pronunciation skills by learning the phonics sounds /c/ and /k/. Through lively songs, fun chants, and picture cards, the children explored words beginning with these sounds. For C, they practiced saying words like carrot, cap, candy, and cat, while for K, they enjoyed knight, kite, knee, king, kitten, kettle, and kid. The children were eager to repeat the sounds, act them out, and connect them with real-life objects. This activity not only improved their articulation but also built their confidence in recognizing and using new sounds in everyday words.

Math Activities

The students explored the concepts of less than (<), greater than (>) and equals to (=) using numbers, objects, and playful comparisons. They especially enjoyed acting out the “hungry alligator” who always eats the bigger number, making the lesson fun and memorable.

They also practiced basic addition such as 2+2, 4+4, and 5+5, proudly sharing their answers and discovering the joy of combining numbers in different ways.

Transportation

Our students enjoyed an engaging lesson on Community Helpers where they learned about the important roles people play in keeping our society safe and happy. The children talked about different community helper's roles, sharing how each helps in different ways. They were especially excited to choose their “dream role” as a community helper. This activity not only deepened their understanding of community helpers but also encouraged them to imagine how they, too, can make a difference in the future.

Art and Craft Activities

Our students had a delightful time during Art and Craft as they colored pictures of different community helpers such as soldiers, doctors, artists, firefighters, and bus drivers. The children were enthusiastic as they brought these helpers to life with bright colors, proudly showing their work. The activity not only encouraged creativity but also helped the students appreciate the important roles these helpers play in our community.

IMPORTANT DATES:

October 13th- Public holiday
(No school)

October 13th- Sport day

October 24th- Halloween party

THANK YOU!!!

The students' thank you letter to parents and guardians for been an amazing community helper

We want to say a big thank you to our moms, dads, and guardians for being amazing community helpers! Some of you are doctors, teachers, drivers, shopkeepers, and so much more. You help people every day and make our world a better place. You inspire us to dream about what we want to be when we grow up.

We also thank you for always helping us at home, teaching us, reading with us, and cheering us on. Because of you, we feel happy, strong, and ready to learn new things at school.

We love you and are so grateful for all that you do for us. Thank you for being our helpers at home and in the community. You make us proud and we hope to make you proud too! ❤️

Thank You!!!
