

DECEMBER NEWS @ A5

**HAPPY
HOLIDAYS**

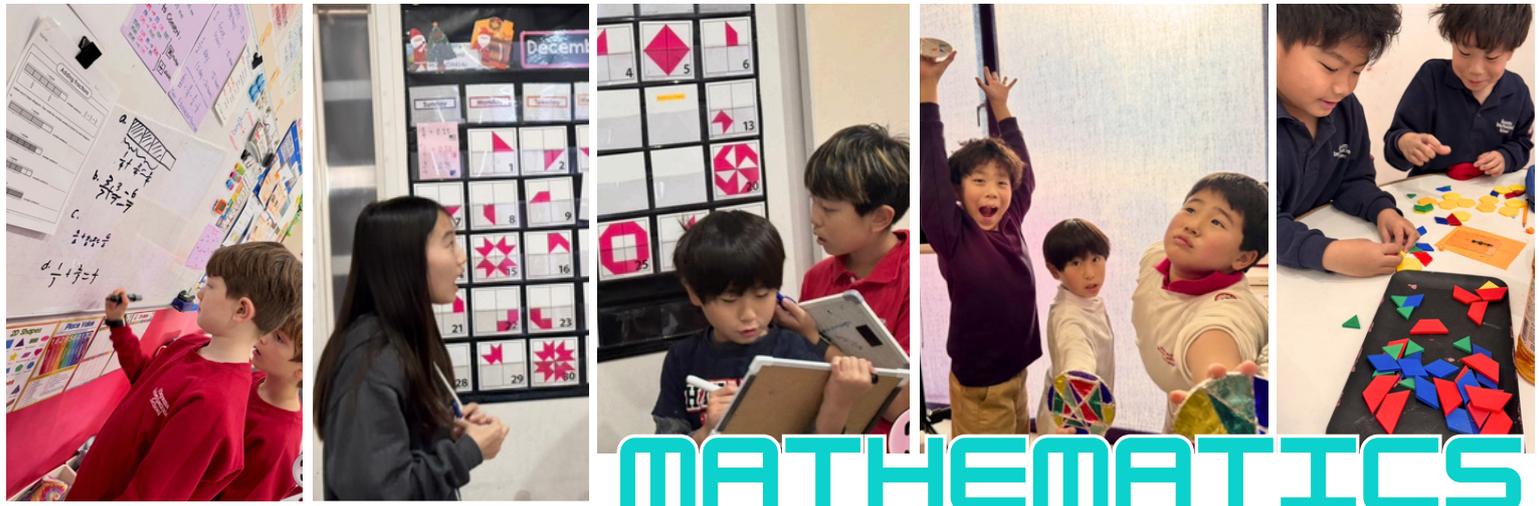

**I feel it when it comes,
every year helping us carry on,
filled up with so much love,
all the family and friends, all together
where we all belong...**

Since we finished reading Wonders Unit 3, we focused on writing and grammar. We learned the various kinds of adverbs, their relationship with verbs, and how to use them to make sentences more interesting. We need such skills as we begin composing our informative speech project pieces to be presented in January 2026.

This month, it's all about fractions. Both the 3rd and 4th graders became more adept at solving equations that involve fractions. 3rd graders got introduced to visualizing fractions with shapes as well as plotting them on a line segment. They also learned how to add and subtract fractions with common denominators. 4th graders have leveled up to solving equations with improper fractions, mixed fractions, and fractions with different denominators. Hmm... can you beat that?

Christmastime crafts, anyone? We crafted some "colorful cookies" as presents for our parents. We are also making posters showing our take on "Play, Think, and Learn." We are doing some coding activities, student-programmed games!

PIZZA FIESTA!

Class A5 actively participated in the Pizza Day, savoring pizza deliciousness, sold by Class A6 (Gr5&6) students!

PRESENTATION PROJECT

Classes A5 and A6 collaborated to research on and present some interesting topics during school assemblies.

December 2025 Dates to Remember

5 - Evacuation Drill

8 - Holiday Party
(Gr.3,4,5,6 & JH)

12 - End of Fall Term

15-31 - Winter
Holidays
