

B2 NEWS LETTER

Winter greetings from B2

As the winter season surrounds us with cool air and cozy days, our classroom has been filled with love, comfort, smiles, and joyful learning.

Looking backward on how this month slowly winds down, the children enjoyed many hands-on activities, including coloring and making craft for letter V,W and X. Alongside leaning, we are enjoying the winter season- having fun, going outside, exploring and gaining new experience together.

Thank you for your continued support as we grow and learn together.
