Healthy food choices: the Three Gs — Go, Grow, and Glow foods.

MATH

We are continuing our practice in reading the clock and counting backwards. Additionally, through our songs and the A2 shop, students have shown improvement in counting by 1s, 5s, 10s, and 20s, as well as calculating change.

EOTY PREP

Although some of you may already know parts of our A2 Hanamaway Show, I look forward to you seeing the full performance on March 13th. The students have been **WORKING!** They are inspiring the younger grades to one day dance as boldly and confidently as they do.
