

B1 Class

NEWSLETTER

We had a wonderful time celebrating Valentine's Day together! The B1 class continues to show strong friendships and positive relationships, not just on Valentine's Day but every day in our classroom. It's always heartwarming to see the kindness and support they share with one another.

As we approach the end of the school year, it's clear how much the students have grown. They have learned valuable skills that they are now applying in their daily lives. I am very proud of their progress and how far they have come.

Sincerely,
Ms. Kristil
