

# B2 NEWSLETTER

## Welcome to February

As we begin this new month, we are pleased to share that the B2 class have settled in well and are becoming more familiar with school routine. They are showing growing confidence in following instruction, participating in activities and working together with their friends. The B2 kids enjoy hands on learning and creative activities, and it has been lovely to see them have fun while helping one another. We learned the letter X for xylophon, and letter Y for yellow, painting and exploring theses letters through fun art activities, coloring, and putting stickers On the letters. We are proud of their enthusiasm and progress.

Thank you
