Creative Building with Tiles and Blocks!

With tiles and blocks in hand, students designed and built a variety of creative structures. From houses to stations and imaginative setups, this activity encouraged creativity, problem-solving, and teamwork.

Addition and Subtraction with Dice!

Using dice, mats, and colored chips, students practiced solving simple addition and subtraction problems. Rolling the dice and showing the answers with chips made the activity both interactive and enjoyable.

Exploring 3D Shapes!

To revisit our 3D shapes lesson, students used hands-on manipulatives to build the shapes themselves. This fun review helped strengthen their understanding of how 3D objects are formed while developing spatial awareness and confidence through exploration.

Sight Word Bingo!

As part of the different ways we learn new words, students played a lively game of sight word bingo. The classroom was filled with excitement as they practiced recognizing and reading words, making vocabulary learning both fun and engaging.

IMPORTANT DATES & REMINDERS!

Important Dates!

- March 13th - End of Winter Term (End of the Year Show)
- March 16th to 20th - Spring Break - **No School!**
- March 23rd to 27th - Spring School Session 1
- March 30th to April 3rd - Spring School Session 2

- As we reach the final day of the school year, I would like to sincerely thank all families for your support and partnership throughout the year. It has been a joy watching the children grow, learn, and create wonderful memories together.
- I am excited to celebrate together at the End of Year Show and Graduation Ceremony as we recognize the children's achievements and special memories from this year.
- Thank you once again for being part of such a meaningful and memorable school year.
